

GENERAL MINE SAFETY AWARENESS TRAINING

This program is a requirement for any contractors working on a Saskatchewan Mining Association member (mine) site in Saskatchewan. This program is offered with instructor support in a classroom environment or on site. The program provides an overview of mine safety through 13 modules over 3 days (24hrs).

- Saskatchewan Mining Regulations and Employment Act
- Hazard recognition
- Personal protective equipment
- Safe use of hand and power tools
- Safe use of scaffolding and ladders
- Controlled energy
- Fire safety
- Environmental safety
- Reporting incidents
- Ground control awareness
- Self-rescue techniques
- Asbestos awareness
- Fit for duty and drug and alcohol testing.

After completing the course you will be issued a General Mine Safety Awareness Training certificate, valid for three (3) years.

Contact our Northern Strands Trainers to book your course.
